RISHI RAJ CHOUDHARY'S PORTFOLIO - (Web Developer, Writer, and Entrepreneur)

1. Homepage (Introduction & Summary)

Hi, I'm Rishi Raj Choudhary – A passionate Web Developer, Writer, and Startup Enthusiast.

I'm currently pursuing a Bachelor of Computer Applications (BCA) at Lovely Professional University (LPU). With a deep interest in full-stack web development and creative writing, I focus on building scalable digital solutions and engaging content. I am also running my own agency named Zencoders Studio where we help SME's to go online with their personalized websites and also helping students to build their projects.
